**Christian Yoga** - Yoga that weaves prayer, biblical meditation & scripture into a faster gentle yoga class. We end our time resting to a worship song. You will feel refreshed physically, mentally & soulfully!

**Circuits with Sara** - this class will be more geared to a HIIT workout style for a full-body workout. It is a interval training sequence with high-intensity exercises. It builds cardiovascular fitness while improving muscular strength and endurance....this class combines resistance training with plyometric moves to improve your strength and power.

**Core** – Need we say more? This class is geared to work your abdominal, back and glute muscles which are so important for our everyday functioning. Plus, who doesn't want abs of steel!

**Cycling**- Diversified has awesome spinning instructors that are ready to give you a great workout. Spinning is an exercise that utilizes a specially designed stationary bicycle and a series of cycling movements that provide the participant with both a physical and mental workout. The spinning bike is designed to mimic an outdoor bicycle ride with the added bonus of core and leg exercise to tone while you burn.

**Cycle & Sculpt** - is exactly as the name describes—it's the best of both worlds: an endurance-building workout that also focuses on toning and tightening your major muscle groups.

**Gentle Yoga** - A revolution in mind/body training that will change the way you feel about your body forever. You will stand straighter and feel stronger, while becoming more flexible and physically aware. Yoga is designed for all fitness levels.

**HIIT**– High intensity interval training, this class uses body weight and some equipment to take you through a great cardio and total body workout. It teaches your body how to efficiently use its energy sources combining agility, speed, power & stamina.

**Rock Steady Boxing** – Parkinson's Disease Fighters bring their Cornerman to a boxing inspiring circuit class focused on balance, movement, and fun led by certified Coaches Stephanie & Justin. We're learning everyday that there are ways in which people with Parkinson's disease can enhance their quality of life and even build strength, flexibility and speed! By exercising with coaches who know the ropes, you can fight your way out of the corner and start to feel and function better. ([info@rocksteadyboxing.org](mailto:info@rocksteadyboxing.org))

Hand-held weights, elastic tubing with handles, and a Silver Sneakers ball are offered for resistance. A chair is used for seated and/or standing support.

**Stretch and Tone** - This class shows you basic movements with a simple routine that's easy to follow along. Use your level of weights, stability balls and your body weight to improve balance while building muscular and core strength and endurance.

**T.B.S.-** (Total Body Strength) is a simple athletic based workout that strengthens, tones, and defines every major muscle group in your body...ideal for beginners to experienced exercisers. It is the workout for EVERY- BODY.
